

OmniGuard™ Rackmount UPS

*Ensure stable and clean power
to your enterprise systems*

The OmniGuard Rackmount UPS (Uninterruptible Power Supply) series from Belkin helps you maximize your technology investment by ensuring equipment uptime and data integrity. With its advanced features and conveniently accessible design, the Belkin OmniGuard Rackmount UPS provides you with the best protection for your valuable equipment from the damage power fluctuations can cause.

Benefits

- Cleans and conditions utility power with line-interactive voltage regulation; this creates true, sine-wave output and provides safe and continuous power
- Recharges rapidly (in as little as from 2–5 hours) via independent battery chargers
- Accommodates large and small plugs easily with BlockSpace™ outlets, simplifying access and use
- Provides built-in phone/modem protection
- Features user-friendly interface that monitors battery level and load, and large icons that light up to display key status details
- Includes system management software with web-based monitoring and SNMP agent features for remote systems management using your existing network management system, web browser, or IP-based telnet system
- Comes with a Belkin 3-Year Product Warranty
- Configures into a 19-inch rack or desktop installation
- Supports Linux®, SunSoft™ Solaris™, Windows® NT®, 95, 98, XP, and 2000
- Installs easily, and offers easy implementation
