

DM™ 603 S2

Floor-standing loudspeaker system

Product Summary

- The DM603 S2 is the entry level floor standing speaker in the 600 Series2. The speaker comes into its own as a front speaker in larger Home Cinema installations and, as with any model in the range, it is a superb monitor for 2-channel audio.
- The 2¹/₂-way system uses a second bass-only driver to supplement the output of the upper bass/midrange driver in the lowest octaves. This arrangement improves system power handling and reduces demands on the bass/midrange driver, which in turn improves midrange clarity.

Technical highlights

Nautilus™ Tweeter: B&W's Nautilus Tweeter technology ensures that the sound remains focused and time-sensitive and that the stereo-image is presented with unparalleled three dimensional accuracy.

Kevlar®: B&W developed and patented the method of using Kevlar® for loudspeaker cones to reduce unwanted standing waves. DuPont originally created Kevlar® for use in bulletproof vests.
