## Micro Systems Designed For The Way You Live

Components in the D-M31 series are only 210 mm wide, yet they are endowed with circuitry for superior quality sound and sport an attractive design that blends easily with any interior. The front panel is made of silver aluminum, and a half mirror has been added to the display window to enhance the appearance. The UD-M31 include the high-end Source Direct function, and the audio and power circuits in all components of the series feature highly-acclaimed DENON technology to ensure that the sound you hear is perfectly smooth and transparent. The UD-M31 CD receivers can be connected to the optional DRR-M31 cassette deck if desired. The remote controller that comes with the UD-M31 can also be used to operate the basic functions of this optional unit.
